

BLOXAM BURNETT & OLLIVER

## Civil & Highway Design Engineers

- Diverse mix of infrastructure projects
- Join a high performing consultancy
- Work with a grounded, collaborative, resourceful team

### Location flexible - Hamilton or Tauranga

If you're looking for an enjoyable team environment where people are grounded and resourceful, collaborate and support each other, plus have a genuine desire to do right by the clients they serve, then BBO could be the right place for you.

BBO is multi-discipline consulting firm with offices in Hamilton and Tauranga. We collaborate with councils and government agencies, property developers and other consultants to provide services in engineering (infrastructure, site observation, structures, water resources, traffic and transportation), planning and land development. Despite our relatively small size, we compete with major national and international consultants for significant projects and have developed a strong reputation for delivery. This comes down to the expertise of our team, plus the strength of our relationships and collaboration.

With the significant growth and development occurring in Waikato and Bay of Plenty, BBO is expanding its Infrastructure Engineering team.

**Senior (6+ years) and Intermediate (2-5 years) Civil Engineers/Designers** - Deliver effective design solutions for land development, roading and highways projects. The design work will be varied from site layout and concept design, though preliminary design for consenting to detailed design of new infrastructure and infrastructure improvements

If you bring relevant experience and would enjoy the environment at BBO, we'd like to hear from you.

All applications and employment enquiries are forwarded to our outsourced recruitment provider, Peak Recruitment, to be reviewed on behalf of BBO.
