If you're looking for an enjoyable team environment where people are grounded and resourceful, collaborate and support each other, plus have a genuine desire to do right by the clients they serve, then BBO could be the right place for you.

BBO is an employee-owned consulting firm with offices in Hamilton and Tauranga. We collaborate with councils and government agencies, property developers and other consultants to provide services in engineering (infrastructure, site observation, structures, water resources, traffic and transportation), planning and land development. Despite our relatively small size, we compete with major national and international consultants for significant projects and have developed a strong reputation for delivery.
